## Republican Mass Convention

A republican mass convention for Dakota county will be held in the court house at Dakota City, Neb., Saturday afternoon, September 30th, at 2 o'clock, for the purpose of selecting delegates to the congressional convention to be held at Fremont, Neb., Monday October 2nd.

W. L. ROSS,  
Chairman County Central Committee.

Dan V. Stephens, of Fremont, was named by the democrats at Norfolk Tuesday a candidate for congress from this district to succeed the late Jas. F. Latta. Stephens was Latta's campaign manager and is considered a pretty smooth politician.

J. L. Phillips, of South Sioux City, republican candidate for county judge, announces that he has taken a location with the M. E. conference and that he is not now subject for appointment as a minister and that if he preaches at all it will be at his own option. He is now free to enter the race for the election of county judge without any strings on him whatever.

Lincoln is putting on her gayest apparel for the welcome to President Taft next Monday. Committees are rapidly working out the details necessary to a big reception, and if the day is fair an immense crowd of Nebraska people will see and hear the nation's chief. The Lincoln Commercial Club and other civic organizations, now at work on the preliminaries of the reception, hope to make this a welcome of the state to the distinguished guest. He will be greeted by the senators and representatives of the state. Governor Aldrich will extend him a welcome in the name of the state and its people. He will be greeted by citizens of every county in the state. Lincoln's welcome will be the state's welcome. President Taft will reach Lincoln at 12 o'clock noon, Monday, October 2, 1911. Received by a reception committee, of which Elmer J. Barrett is chairman, he will be conducted to the Lincoln hotel where he will lunch as guest of the Lincoln Commercial Club. He will then be driven by automobile east on O street to Sixteenth street, and south on M street, and west to the auditorium at Thirteenth and M streets. The big auditorium will be thrown open to the general public. The president's escort of honor will be G. A. R. veterans, and the Lincoln post issues a cordial invitation to all G. A. R. men of the state to participate with them in this capacity. The president will speak about three-quarters of an hour, and will then be conducted back to his private train, which will proceed westward on his trip.

# The MONARCH

PAYS FOR ITSELF  
Why try to Get Along without one?  
Malleable  
The Stay Satisfactory Range

"She had done her best—a leaky range was to blame." Frequent failures can't be avoided with an ordinary steel range or cook stove. Why put up with such embarrassments and inconveniences? Why not know the delightful satisfaction of always having your work perfectly done,—that comes from using a Monarch Range? You might as well have one. It will effect a saving in fuel and repair bills that, in a short time, will pay ITS ENTIRE FIRST COST. "It pays for itself." Let us SHOW you how it does it.

## It's Because of the Monarch's Construction

There's no MYSTERY about this. We can explain it to your entire satisfaction. It's simply that the Monarch is built differently from the others.

Unbreakable Malleable Iron is used for those parts that are made of brittle cast iron in all of the "common sort" of steel ranges. Frames of this material are joined to the body by cold driven rivets.

To Users of Two to Five-Year-Old Steel Ranges:

Bear in mind that the Monarch not only pays for itself, but for years will do your work with 1/2 to 3/4 less fuel than other ranges use. So it's not economy by any means to continue to use a common range. Make the change now.

daughter, Mrs. King, in Cherokee, being called there by sickness.

F. L. Norton, of Green Mountain, Ia., was a visitor at the home of his father-in-law, H. G. Dorn, a few days this week. Mr. Norton had been on a land seeking tour into nearby Nebraska territory.

Isaac T. Dill and a crew of about 15 men are at work erecting a new steel water tank at the lake to replace the old Burlington water tank that fell a few weeks ago. The new tank will be of the latest and most approved patterns now in use.

The members of the Older Set Dancing club enjoyed a hard time dance in Court Church's new house on East Main street Wednesday evening. Every one was dressed fittingly for the occasion and report one of the best times of the season. Prizes were awarded to the best dancers. Nelson Pilgrim and Mrs. C. J. Geister were the lucky ones.

Mr. and Mrs. W. A. Hadley, of Walker, Ia., are in a Sioux City hospital recovering from injuries received in a runaway Tuesday. They were at the public market with a load of produce, which their horses became frightened and crashed into the curb. Mr. Hadley was hurled from the wagon and struck the curb. His hip was broken and other injuries were sustained. He was removed to the Samaritan hospital. Mrs. Hadley received body bruises, which are painful but not of a serious nature. At this writing both are resting easy and doing nicely at the hospital.
